

The Lexington School of Photography
presents

The Power of Camera RAW

A Hands-On Class that unlocks the mystery of capturing images in their highest and best format. Taught by John Snell and Bill Cole, it will cover the following:

1. What the RAW format is
2. Why most serious photographers shoot in RAW mode
3. How to process your RAW files using the basic tools of the Adobe Camera RAW processor in Photoshop CC and Photoshop Elements
4. How to use the Adobe Camera RAW filter in Photoshop CC

WHEN: Wednesday, June 28, 7-9pm

WHERE: Three O Studio, 400 Old Vine Street, above Wines on Vine Restaurant

COST: \$50

Bring your laptop. We'll supply you with some RAW files to process along with the instructors. You **MUST** have Photoshop CC or Photoshop Elements installed on your laptop.
